

*The support of the teams and individual players is what makes it all worthwhile.*

## From the Men's Tournament Director

**Keith Burke**

Well it's the end of another indoor season. Congratulations to all of the winners at the Adult Regionals. For those teams who played and were just not quite in that final match, we can all look forward to next season.

I want to thank all of the local tournament hosts who held tournaments this year. You are the heart and soul of our sport. Without your local tournaments where would we be able to play each weekend?

I also want to thank all of the teams who play each weekend. The Region is growing each year, and the support of the teams and individual players is what makes it all worth while.

The Adult Regionals was a great success. The percentage of teams playing at the Regionals was a record high of 92%. With this kind of participation numbers it's great to see everyone enjoying volleyball.

The level of play has also increased dramatically throughout the region. We now have more teams playing in the Open and A divisions than we ever have had. Teams are calling me now wanting to move up during the season.

Have a safe and enjoyable summer. If you are still in the playing mode remember there are several outdoor tournaments and leagues within the region. The web site has a tournament list of all the grass, mud, and sand events. Check one out. It will help keep your volleyball skills in check and besides getting a little sun with some friends always makes for a great day.

See you next season. Remember that if there is anything I can do to answer a question or help you out drop me an email or give me a call.

## From the Women's Tournament Director

**Michelle Fox**

**T**hanks for another great season of volleyball! Letters were mailed out to all team reps after the Regional Championships indicating the level of play recommended to start next season. If the indicated level needs to be changed, we can do that after two or three tournaments next year. These levels of play are also listed on the standings page on the OVR website.

Please take a look at the non-sanctioned summer tournament schedule listed on the website. There are plenty of tournaments available so you can play volleyball on the weekends all summer!
