At-Large Process – Each Qualifier is allowed a maximum number of Open Bids per age (usually 3). If they do not get enough teams in their event, they may only be allowed to award 2 Bids. The remaining Bid is returned to the At-Large Process. After all Qualifiers are finished, USAV compares the teams that attended the Qualifiers in a particular Division, for instance 17 Open. There may be a team that finished 4th at one Qualifier and 5th at another. They did not earn an Open Bid but were close twice. That team may be offered an Open At-Large Bid. The number of Open At-Large Bids available at the end of the Qualifiers depends on how many Bids each Qualifier had to return due to low numbers of teams at their event.
