

OHIO VALLEY REGION

Advancing volleyball in Ohio, western Pennsylvania, and West Virginia

2017-2018 OVR Beach Volleyball Handbook

The following Ohio Valley Region (OVR) procedures and rules supplement USA Volleyball rules for the USA/OVR Beach Volleyball season (Winter Beach Season Dec 1, 2017 – Jan 14, 2018) (Summer Beach Season May 5, 2018 – Aug 12, 2018).

1.) Membership

You must be a current member of USA Volleyball, registered in the Ohio Valley Region, to organize a junior's club in the OVR. Register for the 2018 season at www.ovr.org/register/. Your membership is not complete until your registration fee, signed waiver and release, and signed Juniors Club Personnel Code of Ethics are received and processed by the OVR office.

The club director must have received ASEP sports club director training and certification (www.ovr.org/juniors/coaching/asep.phd). There will be no exceptions. Registration may be blocked if existing clubs do not comply. The accreditation does not expire. Club directors lacking the accreditation may take the course online or attend the course offered by the region the first Saturday of December.

2.) Background screen

It is the policy of the Ohio Valley Region that any individual intending to hire or use registered individuals in any sanctioned juniors volleyball activities will submit to a background screening policy as determined by USAV. Club Directors, club administrators, team reps, coaches, chaperones, and trainers who intend to register, affiliate, and/or participate with juniors volleyball club or team in the Ohio Valley Region will be screened. Failure to do so is grounds for automatic suspension of membership privileges to participate in sanctioned juniors events and/or activities. All registered individuals of USAV and the Ohio Valley Region have the right of due process. The Ohio Valley Region of USA Volleyball will not register, or allow to be registered, any individual who refuses to consent to a background screen if he or she intends to participate in Ohio Valley Region sanctioned events with registered junior members. A background screen is not required for individuals classified as junior players or members not associated with juniors activities.

3.) Practice Sites

An emphasis is being made to ensure the quality of practice sites. The terrain in beach volleyball must be composed of leveled sand, as flat and uniform as possible, free of rocks, shells and

anything else, which can represent risks of cuts or injuries to the players. The sand depth should be a minimum of 12 inches deep. All poles and referee stands must be padded. Support wires are not suggested but if used must be padded and marked by bright flags. Anchors for any guy lines must be free of sharp edges and driven flush with or buried beneath the playing surface.

Players must be permitted to pursue volleyballs without endangering themselves or other participants.

4.) Coach selection

It is a club's responsibility to attract coaches of high moral character, with knowledge of the sport, and with the ability to convey their knowledge to the athletes they train. Coaches must be of good character and emotional stability. It is imperative to check the background of every coach in your program.

5.) Coaches membership

All coaches assisting with tryouts must be a current member of USA Volleyball. All coaches will be current members of USA Volleyball prior to the first practice. All coaches must have attended the USAV IMPACT course prior to the first practice. Impact beach certification is suggested for coaches but will not be made mandatory until (TBD).

6.) Banned Substances

Junior participants must be provided an entrance and an exit from the playing facility that does not require them to walk through an area where alcohol is sold or consumed. This entrance and exit needs to be made available during the entire junior practice or event. No alcohol is permitted in the area where the junior event is being held. This includes the playing and spectator area around the courts.

Junior participants must be provided a designated bathroom that allows them to use the restroom without having to enter into an area where alcohol is being sold or consumed. In the event a junior and adult event are being held at the same time, adult participants can consume alcohol in a designated area (deck, patio ect.) That must be roped off and clearly indicated that no junior players are allowed in that area. Tobacco use is prohibited unless 100 feet or more from the playing site.

7) Club Tryouts and Affiliations

The OVR is suggesting clubs follow a no cut training team format for the 2017 season if court space is available. See Beach Club model at the OVR beach link.

If tryouts are to be held the club must sanction these events to use USA insurance. Apply for a sanction at www.ovr/juniors/tryouts/. Tryouts are limited to one contact per weekend and not to exceed 2 hours. Any second session or "call back" is also limited to a 2 hour session. No post tryout organizational meetings are to be scheduled prior to expiration of the acceptance deadline.

The OVR officially recognizes a player's USAV indoor season to be finished and club contract fulfilled at the completion of the USAV OVR Regional Championships for their age group. If a team is going to participate in the USAV National championships, the players on those teams will not be officially released from their contracts until after that tournament. A club's director or coach may allow players to compete in beach events or with a beach club at any time during the indoor season. That policy will be at the discretion of each club. A player may belong to an indoor club and a different beach club.

8.) Tryout participants

Tryouts may be open to anyone or by invitation. Each club must act responsibly when trying to attract athletes to their tryouts or club in general. Clubs may advertise through the media and distribute information regarding their tryouts or club to the coaches of area schools.

Membership to an indoor club lasts until the club team member finishes his or her indoor season. This is being defined by the OVR as the Indoor Regional Championships or the USA National Championships for the contracted individual's age group.

Beach club membership can overlap with indoor club membership. They are considered separate sports by the OVR. During any season overlapping, it will be up to the discretion of the club director to allow an athlete under contract to compete in the Sport out of season.

It is considered inappropriate for any member of a club (director, coach, and athlete) to attempt to recruit a player that has already signed a written agreement to participate in another club in the same sport. Again Beach and indoor are not considered the same sport so cross sport recruiting is legal and ethical.

Failure to comply with these regulations will result in sanction by the region.

All club directors and coaches conducting tryouts must be registered members of USA Volleyball. If they are registered for the current indoor season, they are OK for the upcoming/current Beach season. The OVR strongly recommends registering anyone working at your tryouts or with your training teams to cover personal liability for injury of an athlete. The Ohio Valley Region will again sanction all registered tryouts and provide, on request to registered members, a certificate of insurance. The region will provide liability insurance for each athlete for the length of the tryout. Failure to have your tryouts sanctioned through our online application process or by submitting the *Application for Sanctioned of Tryouts* will place all responsibility for injury on the club. Sanctioned tryouts will be posted on the OVR website (www.ovr.org/juniors/tryouts/).

9.) Tryout fee

Any non-refundable tryout fee should not exceed \$10 dollars. Tryouts should be one day only and no more than 2 hours in length. Permission may be granted to charge more with documentation of extraordinary expenses. Written documentation of expenses will have to be provided with your application. Open play and clinics will not be sanctioned as part of a club's tryouts.

10.) Player selection

Clubs may offer contracts to athletes at the end of their tryout session. Clubs may not require a commitment on site. Athletes may accept an offer at any time during a one year registration period.

11.) Registration of teams and add-ons
