

## **How to Change My Region**

If you most recently played or coached in a different region than the Ohio Valley Region, we need to move your membership record into the OVR BEFORE you complete your registration for the current season. Send an email message to: [herbert@ovr.org](mailto:herbert@ovr.org) with the member's legal name, date of birth and previous or future region name (like: Pioneer or Hoosier, etc.). We will send you an email back when the transfer is completed.

If you have already completed your membership and paid for your registration for the current season, we may need to get it canceled before the transfer can take place. In which case we will work with the corresponding region and/or USA Volleyball to get the transfer accomplished.
