Tie-breaking: Since all teams advance to playoffs, ties will not be decided by playing a set.

1. If 2 teams from the same pool are tied, their head-to-head match determines their order of finish.
2. If 2 teams from different pools are tied after match and set % and point differential have been calculated, a coin flip will determine their order of seeding.
3. If 3 teams from the same pool are tied after match and set % and point differential have been calculated, a coin flip will determine their order of finish.
4. If 3 or more teams from different pools are tied after match and set % and point differential have been calculated, a coin flip will determine their order of seeding.
