

Pool Play and Playoff Formats: Club Challenge: 24 Teams Over 2 Days

Pool play format: 6 courts, 9 referees each day, 24 teams, 93 matches
 6 pools of 4 teams
 For pools of 4 teams, the best of 3 sets will win matches. Each non-deciding set will be won by the team that first scores 25 points with a minimum 2-point advantage (no scoring cap). If there is a deciding set, it will be won by the team that first scores 15 points with a minimum 2-point advantage (no scoring cap). Change sides when a team earns 8 points. A point will be scored on each rally. If the receiving team wins the rally, they score a point and gain the serve.

Tie-breaking: Since all teams advance to playoffs, ties will not be decided by playing a set.

1. If 2 teams from the same pool are tied, their head to head match determines their order of finish.
2. If 3 teams from the same pool are tied after match and set % and point differential have been calculated, a coin flip will determine their order of finish.

For the third place teams after Round 1:

3. If 2 teams from different pools are tied after match and game % and point differential have been calculated, a coin flip will determine their order of seeding.
4. If 3 or more teams from different pools are tied after match and game % and point differential have been calculated, a coin flip will determine their order of seeding.
