

Scorekeeping Updates for 2005

Terry Miller, OVR Regional Scorekeepers' Chair

FIRST, LET ME SAY that the scoresheet is almost unchanged from last year. Three things were changed: a box for the Libero number, “games” were changed “sets”, and there is a line for the R1 to sign after each set. Professional officials must attend a clinic and complete the scorekeepers’ test online before the deadline. Your officiating status will be in jeopardy if these two requirements are not fulfilled. I hope to hear from all of you soon.

On a sad note, I’m such you’ve all heard about Bob Dickenson. The region lost a good friend and worker. I personally will miss him, his good nature, his off-beat humor, and his constant smile. Bob never had a bad word to say about anyone. He will be missed. It would be great if those who knew him would drop the family a note.
