

Face Coverings/Masks

Email: December 18, 2020

Referees,

In addition to the Certified Volleyball Official face mask option (<https://vbocustom.foxtrotmarketing.com/>), USAV also offers facemasks and a neck gaiter:

https://usavolleyballshop.com/search?q=face%20ma*&type=product

The USAV version can be worn for OVR events as well. Keep in mind, the USAV mask should NOT be worn for collegiate matches this winter/spring - men's or women's. Also, I'm not sure what other regions or USAV national events will recommend regarding this face mask. I'm guessing the USAV version will be ok at all USAV events around the country, but I haven't heard definitively.

HOWEVER, the Certified Volleyball Official face masks can be worn at either USAV or NCAA collegiate events. Not pushing you one way or the other -- just making you aware that the USAV face coverings would probably not be appropriate for NCAA assignments.
