

**OVR Officiating Memo: USAV Online Training Courses &
REQUIRED Scoring and Rules Exams
December 23, 2014**

Referees:

The online training materials, which you should remember from last season, are now available for the 2014-2015 season. Here are a few important notes in this regard:

- 1 - This information is NOT on the OVR website. We do not control its access or content.

- 2 - You MUST register for the prescribed course (below) through your USAV WebPoint account, NOT your OVR account. Log into WebPoint (where you registered for your USAV membership this fall), and select Region Ref/Score Clinics from the menu. If you are receiving this email, you must register for "OV15_202: 2014-2015 OVR Existing/Re-certifying Referee Training." NO EXCEPTIONS.

- 3 - After you have registered for this course, you MUST go to the USAV Academy to complete the modules in the course. Go to <https://USAVolleyballAcademy.org> and log in with THE SAME username and password that you use with your WebPoint account.

- 4 - The FORM A rules exam and FORM C scoring exam are part of the curriculum. This is the only way to access and complete your exams.

- 5 - You do not need to do the modules in any particular order. If you have not attended an OVR clinic yet, you may want to wait to complete the exams. The exam completion deadline is March 1, 2015.

The system should be a bit easier to navigate this year -- at least that's what we hope!

Thank you, and good luck on your exams.

Brian Hemelgarn
OVR Referees' Chair
